

## News from Shane Dean Construction

**December 2009**

Check out our Playhouse in its Holiday finest! We entered it into the Seaside Parade of Lights and won two prizes. In fact, Playhouses are becoming more and more popular. We will be building and donating one more to fundraisers for a worthy local nonprofit: Riverside Recovery.

ASK SHANE for more details on these.

And have we been working hard on our website. Please check it out, especially **the expanded list of services** that Shane Dean Construction, Inc., can provide you with. Many new customers report total satisfaction with our excellent service and skills. And it's not too late to call us for **Holiday Decorating**.

Thanks to those fine folks at Energy Trust of Oregon, Shane will be gaining more expertise this week when he participates in two training sessions. **Continuing education** continues here at SDCl.

Shane has expanded his tradition of community involvement and now sits on the Board of the Seaside Civic & Convention Center, and has recently joined the Astoria-Warrenton Chamber of Commerce. We believe helping out should not be just a holiday affair but continue all year long.

**From our family and staff, we send our hopes for a peaceful and prosperous holiday season. Thanks for your support; we look forward to serving you in the future.**
